Pots Ralston debated Belin 11/25/75
Univ. S. Dakota @ 11/25/75

Over is only part of the almost conspiracy that precludes further answer.

Thanks and good luck.

Seem to be making slow progress. One leg clot loaded, swellling reduced only slightly. Do not sleep long, stay tired and still have much to do. That I can't avoid.

Think I softened Belin up for you with a heavy clobbering that, with his reading of Post Mortem, forced his changed position three days later.

If debate was taped, I'd like to have dub. Thanks and best, HW 12/12/75
